## OUR STORY

Welcome and thank you for playing the Elk Rapids Golf Club--a Michigan Historic Site. The village of Elk Rapids is a thriving place today, thanks in part to the founders of our Club in 1922.

From 1900 to 1920, the village that had boomed during the lumbering days of the late 1800's was reeling. The closure of the town's principal employer, The Elk Rapids Iron Works, had sent nearly two thirds of those who had lived here to other environs seeking work. The possibility that Elk Rapids could become a ghost town loomed.

Our Club's founders felt promoting Elk Rapids as a tourist destination would be its salvation and that building this golf course was an important first step. In September 1922, the voters agreed--passing a bond issue to fund construction of this course. Legendary golf course architect Donald J. Ross was hired to design and build it. Our Club ceremoniously opened on July 15, 1924.

Over 90 years have passed since that day and the vision of our founders has been realized. Elk Rapids is thriving and the Elk Rapids Golf Club is still here, providing a challenging and enjoyable golf experience for players of all levels. Enjoy your round!
