

SENIOR LEAGUE

- Members will respond to an email from the pro shop indicating whether they will be playing the following Tuesday. Deadline for response is Friday evening
- Players will be randomly assigned to holes for a shotgun start beginning at 1:00pm Tuesday
- Bob Kingon will send an email over the weekend with hole assignments, foursomes, handicaps and tee preferences. Corrections can be made back to him
- Players report to their hole assignment at least five minutes prior to 1:00. The first person listed in the foursome (Bob's email) will pick up the scorecard for the foursome and collect \$5 from each player.
- The scorecard for each foursome¹ will have the name of each player, the tee each will be using and the course handicap for each player. Check that the course handicap agrees with the round setup in your GHIN App.
- All play will begin at 1:00PM
- Players will abide by USGA medal play rules, plus local rules, plus League rules
- Gross scores will be entered for each player for each hole and totaled for a 9 hole gross score. A net score will be calculated using the individual's course handicap.
- It is recommended that each player record their gross hole by hole score in their GHIN phone app that will automatically convert it to an adjusted score for posting. **POST ALL YOUR SCORES IN GHIN!! Not just Senior League scores!!**
- Scorecard and \$20 for each foursome are to be turned into Craig Passon/Bob Kingon
- Prizes will be provided to players with the lowest net scores. There is usually a team game as well. The amount of payouts and number of places paid will depend on the size of the cash pool for that day. Prizes may also set up for "play of the day", e.g., long putt on hole# or for foursome competition.
- Payouts will be distributed following play.

¹ Or threesome depending on the number of players that day
